Mr. Frank Ricks
LRK, Inc.
175 Toyota Place, Suite 600
Memphis, TN 38103

Dear Mr. Ricks,

We would like to thank LRK, Inc. for your continued support of the Memphis Shelby Crime Commission, as evidenced by your recent donation of \$1,000. Because of your generosity, we are able to work strategically with our accountable partners, support aligned activities, track progress, and guide the vision and strategy for the community in the area of public safety. Your gift ensures that we may continue to work toward the reduction of crime through Operation: Safe Community, a county-wide comprehensive crime reduction plan spearheaded by top government, criminal justice and business leaders in partnership with schools, citizens, faith and community-based organizations.

Public safety is essential to the economic growth and vitality of our community. As Memphis Fast Forward's first collective impact model, Operation: Safe Community has been instrumental in helping to accelerate the growth and improve the quality of life of the Memphis region. Each year the Memphis Shelby Crime Commission continues to advance its mission by emphasizing cooperation and integration with other major strategic plans and initiatives throughout Memphis and Shelby County.

Through Operation: Safe Community, we have made tremendous strides over the past seven years, and with your support we will continue to make Memphis and Shelby County safer. Thanks again for your generous support of our efforts to combat crime and create vital and prosperous communities.

Sincerely,

Michelle Fowlkes
Executive Director

June 7, 2017

Mr. Paul Boyle
President
Boyle Investment Company
5900 Poplar Ave
Memphis, TN 38119

Dear Paul:

In January, we began implementing the new five-year Operation: Safe Community crime plan (2017-2021). We've enclosed an informational card that summarizes the plan.

Implementation of the new plan can make our community significantly safer. It is:

1. Ambitious in its desired outcome of reducing our crime rate significantly over the next five years;
2. Very focused, with sixteen objectives, the implementation of which we feel will get us to the desired outcomes;
3. Unlike previous plans, a true applied research agenda that will be evaluated on an ongoing basis as a result of the partnership with the Public Safety Institute at the University of Memphis; and
4. Geared toward increasing citizen participation in efforts to make our community safer rather than just leaving it to those involved in the criminal justice system.

Now into our six month of the plan, we are making significant progress, including implementation of the D.A.'s community prosecution model in three MPD precincts; the earmarking of \$6.1 million in private sector funding to help recruit and retain MPD officers; the passage of state legislation to impose tougher penalties on convicted felons possessing guns; and strong working groups to develop models for the proposed juvenile assessment center, the transitional work program designed to reduce repeat offenders, and the Neighborhood Safety Initiative to strengthen neighborhood watch and government responses to neighborhood concerns.

Under the new partnership with the University of Memphis in particular, we are taking our efforts to a new, higher level with a significantly higher budget. We appreciate the financial support you have given us in the past. We hope you will decide to continue that support and give favorable consideration to an increase in the level of support in light of the new level of thought and action we are bringing to meet the crime challenge.

Enclosed is a pledge card and return envelope for your use if you wish to make a one-year or multi-year pledge.

We will be glad to discuss our efforts with you personally if you feel that would be beneficial. We hope you will be in a position to act favorably on our request.

Sincerely,

Bill Gibbons
President

Ben Adams
Board Chair
